

REMARKS

Drawings

In the Office Action dated October 28, 2005, the Examiner objected to the drawings under 37 CFR 1.83(a) stating the drawings must show every feature of the invention specified in the claims.

The objection to the drawings is respectfully traversed. Figure 33 shows a first additional extension (26uu) which at least partially overlaps the first extension (26u) and a second additional extension (40uu) which at least partially overlaps the second extension (40u) and wherein the first additional extension (26uu) has a first edge which forms a first additional upper peripheral edge in the skirt and the second additional extension (40uu) has a first edge which forms a second additional upper peripheral edge in the skirt.

Applicant's claim 1 therefore, fully complies with 37 CFR 1.121 (d) and as such, Applicant respectfully requests that the objection to the drawings be withdrawn.

Allowable Subject Matter

In the Office Action dated October 28, 2005, the Examiner allowed claims 1-8 and 10-18 over the art of record.
